Technological Arts

D-Sub Adapters, 9-pin socket, right-angle

USD \$3.50

Product Info

- use D-sub* connectors in your breadboard as easily as DIPs!
- test or develop interfaces to serial and parallel port devices in your solderless breadboard
- perfect for students, technicians, engineers, and hobbyists!
- compact design
- gold-plated 0.025" square-pin terminations
- rows spaced 0.3" apart to plug into standard solderless breadboard
- takes minimum real estate on breadboard
- gives maximum access to tie-points
- available in both socket and plug versions
- available in both top-entry and side-entry versions
- quality 2-layer FR-4 board
- preserves connector pin-numbering scheme

* D-sub connectors are often called DB (eg. DB9)
